Revit has keyboard shortcuts which reduce the time spent searching for icons in menus and can improve productivity. These shortcuts are user defined with each seat of Revit. The keyboard shortcut *KS* will bring up the Keyboard Shortcuts menu.

The following is a list of suggested keyboard shortcuts to set up as your basic tool kit:

TO ACCESS KEYBOARD SHORTCUTS - KS			
Home - wall, door, window, component, column, roof, ceiling, floor, curtain system, model text, model line, railing, ramp, stair, cut (face/shaft/wall/vertical/dormer) Room and Area, work planes
